VB342 Pro

4K PTZ Video Bar For Small To Medium Rooms

The VB342 Pro 's high quality 4K PTZ lens delivers unprecedentedly vivid images and clear details. Intelligent AVer AI features come together to create a crystal-clear AI-powered meeting experience.

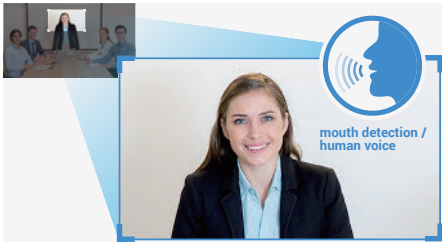

All-in-One 4K PTZ Technology Offers Vivid Imagery

The VB342 Pro is equipped with a comprehensive 4K PTZ camera. It delivers vivid images in any meeting. 92° FOV optical lens with 15X zoom delivers true-to-life video quality. Dual 6W speakers provide outstanding sound for small and mid-size rooms.

Auto Frame and Audio Tracking Enhance Meeting Efficiency

Audio Tracking and Auto Frame, powered by AVer's smart AI, automatically focus and detect everyone in the room, offering optimal performance for any virtual business meeting. Sound detection technology singles out human voices and enables intelligent AI functionality.

Deliver Detail-Oriented Presentations with Presentation Tracking

When the presenter speaks in any preset area, VB342 Pro will locate and frame the area, then track and zoom in on the presenter wherever they go, even if they leave the preset location.

Smart Gallery Upgrades the Meeting Experience

Smart Gallery offers the remote site clear views of every participant using AI face and body detection to crop participants' frames, ensuring optimal visibility for all. You can choose between headshot and half-body mode to adapt to any situation without compromise.

*Please enable this function via Room Management (PTZApp 2).
**Smart Gallery supports up to 20 participants.

Uninterrupted Clarity Created by Audio Fence and Beamforming Technology

Silence any distraction outside of the viewing angle with AVer Audio Fence technology and turn any space into an uninterrupted meeting zone. Combined with Beamforming Technology to ensure resonant sound, the VB342 Pro creates uninterrupted virtual conferences with exceptional audio quality.
